

RETAIL READY AND ABLE PROGRAM

(QUEENSLAND)

The Australian Retailers Association

The Australian Retailers Association (ARA) is Australia's oldest, largest, and most diverse national retail body, representing a \$400 billion sector that employs 1.3 million Australians.

As the leading voice for the retail community, we are pleased to deliver the 'Retail Ready and Able' program as part of the DESBT Workforce Connect project.

Retail Ready and Able is an exciting project aimed at empowering and upskilling Queenslanders who face employment barriers because of a physical, mental, or emotional challenge.

The Retail Ready & Able Project

The ARA will engage with employers and deliver comprehensive education and awareness programs; success stories from within our membership will be shared, as well as practical advice on how to navigate a pathway into retail employment.

ARA has partnered with DES providers who provide pre-employment support and training to job seekers with disability. This project will assist jobseekers with Physical, mental, or emotional challenges to enter our amazing industry through the development of skills and attitudes that will make them 'Retail Ready, and Able'.
